## OUR OWN TALENT SCOUT

Jerald Jordan has been appointed director of Project Talent Search. In his new position, J.J. will be responsible for the coordinating of all activities related to the identification and recruitment of students who

have the potential for success at Gallaudet.

Project Talent Search, although totally separate from it, will supplement the Youth Relations Program headed by Frank Turk. Frank has traveled throughout the country encouraging deaf students to pursue a post-secondary education.

Project Talent Search will encourage these students to apply to Gallaudet.

#### SOCIAL WORK STUDENTS FROM ENGLAND COME TO GALLAUDET CAMPUS

Three social work students from the North London Polytechnic arrived on campus April 1 and will be studying with our students until May 1.

All trained social workers, Mary Fielder, Susan Leadbeter, and Anthony Taylor, have come to Gallaudet as part of a nine month program which will certify them to work with the deaf.

Mary and Susan will be doing field work at St. Elizabeth's Hospital and Anthony will be working at MSSD.

#### FLICK OUT AT LIBRARY

A five minute visual history of Gallaudet called "Gallaudet Chronology" has recently been completed by Educational Technology.

The tape is an interesting series of close to 1000 pictures shown in rapid succession accompanied by a soundtrack.

If you have five minutes to spare, stop by the Library and see it for yourself.

Although there is still no popcorn available at the Library, word has it that a candy machine will be on the premises within days.

KEEP THE NEWS COMING!
